

ANESTHETIC-FREE TEETH CLEANING
The Natural Way for Your Pet's Oral Hygiene Care.

Quick Overview About Our Professional Services

- ***K9 Brite Bark hygienists will conveniently visit your store in professional attire in order to assess the workable space, location within the store itself, and its suitability to perform appropriate teeth cleaning services.***
- ***K9 Brite Bark offers FREE consultations for dogs and cats (pets with serious dental problems are recommended to vets).***
- ***K9 Brite Bark's professional service includes two hygienists to be present to perform consultations and cleaning.***
- ***K9 Brite Bark's professional service is performed with ultrasonic scaling and polishing by specialists trained and certified by the K9OHA (manual scaling without polishing can damage enamel).***
- ***K9 Brite Bark provides scaling and polishing on all surfaces of teeth.***
- ***K9 Brite Bark works with high-quality dental products, recommends and educates clients about their pet oral hygiene care.***
